

## **Get to Know Your Sewing Machine**

It is hoped that by the end of the three hours you will feel more confident about using your machine!

Please bring your machine plus any 'bits' that came with it.

You will need:

Thread – use up odd reels if you have any!

Scissors

I will have scraps of cotton for you to stitch on, but feel free to bring your own if you prefer.

It is helpful to me to have a look at your sewing machine manual. It would be appreciated if you are able to hand it in to the Spinning Weal a few days before the workshop. Many thanks.

I look forward to meeting you.

Linda Jackson.
