

Beginners Patchwork & Quilting Requirements

This is a hand sewing course starting with a basic Nine Patch block and adding and building on skills each week. The lap quilt is made with the Quilt-As-You-Go method. You may have a definite colour scheme in mind but it works equally well made as a 'scrappy-look' quilt which gives you an opportunity to play with the fabric colours and patterns.

If you have the items below then great but it's not a problem if you don't as they are all available in the shop

Template plastic

Fine black permanent marker

Erasable fabric marker

Ruler with imperial measurements - the Omnigrd 6" x 1" is a really useful one when starting (but not essential)

Fabric scissors

Paper scissors - to cut the template plastic

Small, sharp pointed scissors

Hand sewing needles

Cotton thread - we will discuss colour choices etc in week one

Fabric - dress-weight 100% cotton. If you already have a fabric stash then bring it along but a lot of beginners choose as they go

Health/Wealth warning - fabric is seriously addictive!
