

IMPROVERS QUILT REQUIREMENTS

- Background fabric - 2.5mtrs. See below
- Template plastic
- Fine black permanent marker
- Erasable fabric marker
- Ruler with imperial measurements - the Omnigrid 6" x 1" is really useful
- Fabric scissors
- Paper scissors - to cut the template plastic
- Small, sharp pointed scissors
- Hand sewing needles
- Cotton thread - we will discuss colour choices etc in week one
- Fabric!

The background fabric is the fabric that ties all the blocks together. Although it isn't needed for the first few weeks it might help to think about what colour you want it to be. Because of the way it is used you don't want a directional fabric or one with an obvious or large pattern.
