

## SHADOW APPLIQUE REQUIREMENTS

There is a choice of three designs - bird and flowers, fish in reeds or koi

- 1 fat quarter of background fabric
- 1 fat quarter sized piece of organza \*
- 1 fat quarter of backing fabric
- Fabric for binding - you might not decide this until picture completed
- Small pieces of bright fabric for 'picture'. The organza knocks back the colour so it works best with strong colours
- Bondaweb - 0.5mtr is plenty
- Wadding same size as background fabric
- Tracing/greaseproof paper - A3 size
- Pencil
- Low tack masking tape - don't buy especially
- Fabric scissors
- Paper scissors
- Hand sewing kit
- Threads for decorative stitching to match the coloured fabrics – for example hand quilting threads, cotton perle (not too thick, no. 8 maybe), rayon

\* The organza can be white, cream or another colour to match your background fabric. The darker the organza the more it will knock the colours of the picture back. I will have *some* colours with me at 50p a FQ sized piece
