

## Star Quilt Requirements

- 2.5mtrs background fabric - see notes below
- Assortment of fabrics for stars
- 0.5mtr light-weight sew-in Vilene *or* Stitch'n'Tear
- Template plastic
- Fine permanent marker (for drawing templates)
- Fabric marker
- Fabric scissors
- Small, sharp, pointed scissors
- Paper scissors (to cut template plastic)
- Hand sewing needles
- Pins
- Cotton threads - in most cases either a light, medium and dark grey or brown will suffice

### Notes

Because of the way that the background fabric is used a few points need to be considered when choosing it.

Night sky tends to be dark - there are a lot of joining seams and the lighter the fabric the more these will show.

The fabric can be plain but one with a "textured" pattern works very well.

If using a patterned fabric the pattern mustn't be a large scale one or be at all directional.

Please don't hesitate to contact me if you need any more help.
